

H.R. 6535, the Coverage for Urban Indian Health Providers Act, when it passed this House on Thursday, December 17, 2020. Enactment of H.R. 6535 will address the lack of parity under the Federal Tort Claims Act within the Indian Health Service for urban Indian health programs, and by sending this bill to the Senate, and hopefully to the President, we are making a necessary correction that will support delivery of health care to Native communities across the country.

However, while I am proud of the passage of this measure, we must not forget that the same lack of parity under FTCA continues to persist for the Native Hawaiian Health Care Systems funded through the Native Hawaiian Health Care Improvement Act. I am therefore committed to standing with Native Hawaiians and their representatives in Congress, including Congressman CASE and Senator SCHATZ, to ensure that Native Hawaiian Health Care Systems are not left behind, and will work with them, the House Energy and Commerce Committee, the House Natural Resources Committee, and the Senate Committee for Indian Affairs to address the inequitable access to Federal Torts Claims Act coverage among Native health systems in the next Congress. Together, we will continue to fight for the trust and treaty rights and access to benefits for all of our country's Native peoples.

IN SPECIAL RECOGNITION OF WILLIAMS COUNTY'S 200TH ANNIVERSARY

**HON. ROBERT E. LATTA**

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Sunday, December 20, 2020*

Mr. LATTA. Madam Speaker, I rise today to celebrate the Bicentennial of Williams County, Ohio. The perseverance of pioneers and settlers to overcome the challenges faced during the early years of the county's history has persisted throughout the past 200 years. The hard work and spirit shown by generations of county residents have made Williams County an outstanding example of American ingenuity.

On February 12, 1820, the Ohio Legislature enacted legislation creating fourteen new counties in northwestern Ohio. The fourteenth new county came to be known as Williams County, honoring the Revolutionary War hero David Williams. Williams aided in the 1780 capture of British Major John Andre, who was convicted and executed for spying with Benedict Arnold. When Williams County was officially established in 1820 it originally contained roughly 720 square miles, but it currently encompasses 420 square miles. A pivotal point in Williams County's history was the twenty-year dispute over the northern part of Williams County which contributed to the Ohio and Michigan war. Eventually, the territory lines between the Indiana line and Lake Erie were settled, giving Williams County its first beginnings as a county in the great state of Ohio.

By remembering the 200th Anniversary of Williams County, community members and Ohio residents recognize the outstanding achievements, maintain our pioneer attitude, and strive to better our county on the principles on which it was founded. Thank you and congratulations to Williams County on this significant milestone.
